JISSO PROTEC 2019

JISSO PROTEC 2019

21st Jisso Process Technology Exhibition

Organizer:  Japan Robot Association (JARA)

* Image from JISSO PROTEC 2018

Kawasaki is exhibiting at the JISSO PROTEC 2019 to be held at Tokyo Big Sight, from June 5th to 7th. We are going to showcase state-of-the-art robot systems in the electronics and electrical industry, using the dual-arm SCARA robot “**duAro**” and our newest small-payload robot “**RS007L**”.

Please take a look at Kawasaki’s robots performing manufacturing processes of electronic substrates at the booth. In addition, there will be a special zone where you can experience programming of the “**duAro**”.

■ Exhibition Information ■

Date : 5th – 7th of June
from 10:00 to 17:00
(Until 16:00 on the 7th)

Place : Tokyo Big Sight

Booth : West Hall 1, 1-204

Please visit the [Kawasaki Robotics Website](http://www.kawasaki-robotics.com) for more detail.

FOOMA JAPAN 2019

We are going to exhibit at the largest trade show in the food industry in Asia, “FOOMA JAPAN” from July 9th to 12th.

We will introduce applications of the dual-arm SCARA robot “**duAro**” at the food production process.

Please explore the applications of the “**duAro**”, contributing to solve the issues in the food industry such as labor shortage and demand for higher productivity.

■ Exhibition Information ■

Date : 9th – 12th of July
from 10:00 to 17:00

Place : Tokyo Big Sight

Booth : South Hall 3, South 3A-31
