Beyond the limits of robot utilization in semiconductor manufacturing plants

Wafer transfer robot + TRanbo-7

Suggestion for further automation of semiconductor manufacturing plant with wafer transfer robot and self-propelled robot

Total solutions for automation in semiconductor manufacturing plants

Streamlining the work of field workers

🕂 Kawasaki Powering your potential

Applied core technologies ·Self-propelled robot ·Sensing, etc.

High-performance wafer transfer robot technology

·High-speed motions · Minimal dust generation ·High accuracy · Reduced footprint, etc.

We offer a variety of total solutions for automating semiconductor manufacturing.

Beyond the limits of robot utilization in semiconductor manufacturing plants

Wafer transfer robot + TRanbo-7

Powering your potential

Automatic charging at the contact-less charging station(optional).
